HEROIC VINE GROWING:

Since the 2nd C.B.C. authentic heroes from the Sil slopes cultivated vines in extreme land conditions (vineyards with a 60° inclination). These hundred-year-old techniques together with the newest technology in the wine's elaboration process have created a unique wine. These extreme conditions create a wine with a different taste.

REGINA VIARUM *Mencía*

WINE MAKING:

Grape selection both in the vineyard and the tables of selection. Use of carbonic maceration when the grape is being crushed. Softening for 72 hours at a low temperature, then fermentation at a controlled temperature, with three daily remounted at the most of 28° in order to take out all its colour and bouquet.

APPEARANCE:

Red picot. Colour of deep cloak very covered. With a gleam of violet, clean and brilliant.

AROMA:

Seductive wine with varietal nose, intense, clean and fruity. With predominance of red fruits' aroma with a touch of liquorice. Mineral on nose.

TASTE:

Its flavour in the mouth is velvety, meaty and well-balanced. With body, warm and well fitted. Red fruits' aromas with a wide and durable after taste. Lasts in the retro nasal cavity.

GASTRONOMY: meat, hunting, fish, Galician gastronomy.
